

# ULTIMA<sup>®</sup> X5000 Gas Monitor

Welcome to the future of gas detection.

**2" INTEGRAL PIPE MOUNT BRACKET**

**3/4" NPT OR M25 THREADS**

**BLUETOOTH WIRELESS TECHNOLOGY**

**TOUCH INTERFACE FOR TOOL FREE OPERATION**

**INSTRUMENT STATUS INDICATORS**

**ADVANCED SENSOR TECHNOLOGY**

powered by **XCell<sup>®</sup> SENSORS** with **TruCal<sup>®</sup> TECHNOLOGY**

Safely and quickly replace sensors without turning off the instrument

**SafeSwap<sup>®</sup>**

**SIMPLE RETROFITS**  
Identical footprint and wiring to the ULTIMA X Series

**ORGANIC LED (OLED) DISPLAY WITH BRIGHT STATUS LED'S**

**TAG ATTACHMENT**

**MULTI LINGUAL TEXT MENU OPTIONS**

Combustible, Toxic or Oxygen Digital Sensors

Dual sensor capability for any combination of sensors

The main image shows the MSA X5000 gas monitor with a green OLED display showing '0' and 'COMB % LEL'. It has a rugged, circular design with a pipe mount bracket. Callouts 1-4 point to specific features. The inset image shows the monitor with two different sensor modules attached to its side.
